This new state of the art multi-client site located in the logistics hotspot of Waalwijk, The Netherlands has been operational since 2018 and supports Sonos, Targus & Canon.

Centrally located in the Haven VII Business Park, this facility offers excellent accessibility to the A59 motorway (the Meuse route) and the N261 towards Tilburg. Next to it, the inland container terminal (ROC) allows access via the river Meuse from and towards the port of Rotterdam.

MEET THE SITE LEADER

Name: Jori Liebrand

How long have you worked at syncreon?

Almost 5 years

What is your current role?

Overseeing the operation in Waalwijk alongside my management team

What is the most rewarding thing about being in this role?

In general working within the overall syncreon team has always been a pleasure! We have a stable workforce and we leave space for independent entrepreneurship. We support some great customers within our facility whereby we've built an in-depth relationship. Despite the current challenges with Covid19 & Brexit, we adapt, work towards solutions, and perform as a team!
